Transfers and Payments > Massive transfers > Create a file > Copy from an existing file >

» Large transfers (Copy of an existing file)

When you select this option, fields will appear that you will need to fill out in order to begin copying the file:

1. Type of movement

- You must choose one of the following options from the list:
 - Single withdrawal/Multiple deposits
 - Single withdrawal/Single deposit

When you click on the "Continue" button, a window will appear on which you must make your selection (using the "File Name" link), or by searching for the file that you wish to copy.

- Single withdrawal/Multiple deposits
- Single withdrawal/Single deposit
- You must then complete the following fields:
 - $\circ~$ For the \rightarrow Single withdrawal/Multiple deposits option
 - Name of the new file
 - Date
 - Sequential
 - Additional options \rightarrow Erase the amounts from the File records.
 - \circ For the \rightarrow Single withdrawal/Single deposit option
 - Name of the new file
 - Additional options \rightarrow Erase the amounts from the File records.
- Finally, you must click on the "Save" button so that the system sends it to the Payment Detail screen.
